**0.2**      ***Challenges for the future: Membership Growth and Financial Stability***

- **Membership Growth:** During the past year the membership of the IAGSDC has remained static. However, the membership is beginning to show slight signs of declining. Individuals and clubs are encouraged to recruit new members in their respective areas. Clubs were reminded that Petersen Trust Funds are available to assist with these recruiting efforts.
- **Financial Stability:** There is a projected decline in IAGSDC income due to reduced badge sales and a potential slight decline in membership. Clubs were once again encouraged to support the IAGSDC budget by participating in the Banner Dance Program and by increasing overall membership.

**00-03**      ***Adjourn***

Chair Darrell Ertzberger adjourned the meeting at 1:13 PM.
